SUBJECT: Extension of Agreement with Air Sciences, Inc. for Ridgecrest Monitoring Station Upgrade

Honorable Board:

On November 12, 2015, the Eastern Kern Air Pollution Control District (District) and Air Sciences, Inc. entered into Agreement (No. 11-021-2015) to obtain the required personnel, tools, and equipment to install the upgraded Ridgecrest Air Monitoring Station. The new station will include a shelter to house PM₁₀ and PM_{2.5} air monitors, data logging equipment, meteorological equipment, a computer, and data transmitting equipment.

Based on current information, the equipment shelter, to house the bulk of the equipment, will have to be moved to a different location; causing additional delays in the project. Air Sciences, Inc. did not cause the current delay. Therefore, Air Sciences, Inc. and the District have agreed to extend the Agreement until December 31, 2017. No other changes are requested to the Agreement.

IT IS RECOMMENDED your Board approve and authorize Chairman to sign the Amendment No. 2 (01-001-2017a) to Agreement No. 11-021-2015 with Air Sciences, Incorporated.

Sincerely,

Glen E. Stephens, P.E.
Air Pollution Control Officer
