Board of Directors
Eastern Kern APCD
2700 "M" Street, Suite 302
Bakersfield, CA 93301

SUBJECT: Amendment No. 3 to Agreement with Air Sciences, Inc. for New Ridgecrest
Monitoring Station

Honorable Board:

On November 12, 2015, the Eastern Kern Air Pollution Control District (District) and Air Sciences, Inc. entered into Agreement (No. 11-021-2015) to obtain the required personnel, tools, and equipment to install the upgraded Ridgecrest Air Monitoring Station. The new station will include a shelter to house PM₁₀ and PM_{2.5} air monitors, data logging equipment, meteorological equipment, a computer, and data transmitting equipment.

After the initial Agreement was established, it was necessary to move the location of the air monitoring station to 2051 West Ward Avenue, Ridgecrest. The new location does not have the, necessary, meteorological (MET) tower that existed at the prior location. Therefore, a new MET tower and labor to install the tower is required. The overall cost increase for the new MET tower is \$20,150; bringing the total Agreement amount to \$162,150.

IT IS RECOMMENDED your Board approve and authorize Chairman to sign the Amendment No. 3 (07-014-2017a) to Agreement No. 11-021-2015 with Air Sciences, Incorporated.

Sincerely,

Glen E. Stephens, P.E.
Air Pollution Control Officer
