SUBJECT: California Air Resources Board Prescribed Burn Reporting and Monitoring Support Program Funds

Honorable Board:

The California Air Resources Board (CARB) is providing funding for prescribed burn reporting and associated air monitoring support (Burn Program). Burn Program funds are part of California Climate Investments, a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities. The Eastern Kern Air Pollution Control District (District) will be reimbursed up to \$20,000 in Burn Program funds for completing tasks related to the Burn Program.

Staff is requesting your Board approve Resolution No. 2019-001-07, which authorizes the Air Pollution Control Officer (APCO) to complete and submit all necessary documents to CARB in order to secure and receive Burn Program funds. Staff recommends your Board adopt the resolution at this meeting in order to prevent any delay in participating in the Burn Program.

IT IS RECOMMENDED your Board adopt Resolution No. 2019-001-07, which authorizes the APCO to execute the Prescribed Burn Reporting and Monitoring Support Program Agreement with CARB; sign the Award Letter; and do all other acts necessary to reserve and receive Burn Program funds.

Sincerely,

Glen E. Stephens, P.E.
Air Pollution Control Officer
