Bakersfield, CA 93301

SUBJECT: Agreement with Mojave Unified School District for School Bus Replacement

Honorable Board:

Eastern Kern Air Pollution Control District (District) provides Assembly Bill (AB) 923 funds (Stats. 2004, Ch. 707) to school districts for replacing older high-emitting school buses pursuant to the Lower-Emission School Bus Program (LESBP). Mojave Unified School District (MUSD) identified a high-emitting 1991 Thomas school bus eligible for replacement.

MUSD submitted a Board resolution to the District agreeing to replace the high-emitting school bus with a new lower emissions school bus. Agreement 05-003-2019 will provide AB 923 funds of 57.67 percent of eligible costs, up to a maximum of \$110,000.00 of the estimated total project cost of \$190,731.00 associated with replacing the old bus. The old bus will be removed from service and salvaged once the new bus is placed in service.

Three copies of the proposed agreement, a sample copy of which is attached, were sent to the applicant to approve by signature and are expected to be returned to the District prior to the Board Meeting. If any significant changes are identified by the applicant, the item will be withdrawn and the Agreement will be held to the July 2019 Board Meeting.

IT IS RECOMMENDED your Board approve and authorize Chairman to sign Agreement 05-003-2019 with Mojave Unified School District for the purchase of a new school bus.

Sincerely,

Glen E. Stephens, P.E.
Air Pollution Control Officer
