Board of Directors  
Eastern Kern APCD  
2700 "M" Street, Suite 302  
Bakersfield, CA 93301

**SUBJECT:** Proposed Agreement with Agilair, LLC to provide District with AirVision and AgileWeb Software

Honorable Board:

The Eastern Kern Air Pollution Control District (District) is proceeding with upgrading the District's air monitoring stations in Tehachapi and Mojave. Part of the upgrade will include remote access to data generated at the Tehachapi and Mojave sites to provide the community with "real time" air quality data. To accomplish the real-time access, additional software and hardware will be required. The District is proposing to use Agilair, LLC hardware and software (AirVision and AgileWeb), as a Software as a Service (SaaS), to host the District data.

The District desires an ongoing engagement with Agilaire, LLC to provide 36-month period hosting of District's Ridgecrest, Canebrake, Tehachapi, and Mojave data, with unlimited users. Agilaire, is providing access to the data through AirVision and AgileWeb. The proposed cost of the service is \$6,633 per year (\$19,833 for the 3-year period). Based on the cost of similar systems, the proposed cost is reasonable.

**IT IS RECOMMENDED** your Board approve and authorize Chairman to sign Agreement No. 03-003-2020 with Agilaire, LLC.

Sincerely,

Glen E. Stephens, P.E.  
Air Pollution Control Officer
