Board of Directors  
Eastern Kern APCD  
2700 "M" Street, Suite 302  
Bakersfield, California 93301

SUBJECT: California Air Resources Board Carl Moyer Heavy Duty Engine Program Year 24

Honorable Board:

The District received a solicitation from the California Air Resources Board (CARB) in September requesting the District apply for next year's allocation of Carl Moyer Heavy Duty Engine Program (CMP) grant funds. In order to preserve the District's allocation of Year 24 funds, a completed CMP application package, which includes an approved supporting Board resolution must be submitted to CARB. CARB identified the District's tentative funding allocation for Year 24 as \$696,998. This includes \$609,873 for project costs and \$87,125 for administrative costs. The District is required to provide DMV AB 923 matching funds in the amount of \$104,550 to obtain the full allocation of Year 24 funds.

District staff is recommending your Board adopt Resolution 2021-001-11 and authorize the Air Pollution Control Officer (APCO) to complete and submit the CMP Year 24 application package to CARB. The application package will request the full allocation of \$696,998, which includes administrative funds and the match requirement. A copy of CARB's CMP Year 24 tentative allocation and signed application are attached.

**IT IS RECOMMENDED** your Board adopt Resolution No. 2021-001-11 requesting \$696,998 in Carl Moyer Program Year 24 funds; authorize the APCO to sign the Award Letter; submit the application requesting the funds; and do all other acts necessary to reserve and receive the CMP Year 24 funds.

Sincerely,

Glen E. Stephens, P.E.  
Air Pollution Control Officer
