Board of Directors
Eastern Kern APCD
2700 "M" Street, Suite 302
Bakersfield, California 93301

SUBJECT: California Air Resources Board Carl Moyer Heavy Duty Engine Program Year 28

Honorable Board:

Eastern Kern Air Pollution Control District (District) received a solicitation from the California Air Resources Board (CARB) in December requesting the District apply for their Year 28 allocation of Carl Moyer Memorial Air Quality Standards Attainment Program (CMP) grant funds. To reserve these funds a complete CMP grant agreement, which includes an approved supporting Board resolution, must be submitted to CARB. The District's allocation of Year 28 funds is \$459,215. This includes \$390,333 for eligible projects and \$68,882 for administrative costs. The District is required to provide \$68,882 in AB 923 matching funds to obtain the full allocation of Year 28 funds.

District staff recommends your Board adopt Resolution 2026-001-01 and authorize the Air Pollution Control Officer (APCO) to complete and submit the Year 28 CMP application package to CARB. The application package will request the full allocation of \$459,215. A copy of the Year 28 CMP grant agreement is attached.

IT IS RECOMMENDED your Board adopt Resolution No. 2026-001-01 requesting the District's full allocation of Year 28 CMP funds; authorize the APCO to submit the application requesting said funds; sign the grant award letter; and do all other acts necessary to reserve and receive Year 28 CMP funds.

Sincerely,

Gary Ray, Jr.
Air Pollution Control Officer
