

Eastern Kern

Air Pollution Control District

Gary Ray, Jr.
Air Pollution Control Officer

September 3, 2026

Board of Directors
Eastern Kern APCD
2700 "M" Street, Suite 302
Bakersfield, California 93301

SUBJECT: State Subvention Program

Honorable Board:

The California Health and Safety Code, Section 39802, provides for the granting of state "subvention funds" by the California Air Resources Board (CARB) to local air pollution control districts, and Section 39802.5 provides for additional funding of "rural" districts. The California Code of Regulations, Title 17, Article 2, Section 90200 sets forth subvention application procedures. Eastern Kern Air Pollution Control District (District) has applied for and received subvention funds since 1970. The District can satisfy subvention grant conditions without modifying its existing program.

According to CARB, the proposed distribution to the District will be approximately \$34,400. The District has attached the completed copy of the 2026-27 Subvention application for your reference.

IT IS RECOMMENDED your Board authorize the air pollution control officer to sign and submit the application for the state subvention funds, and to take all other steps necessary to receive funds.

Sincerely,

Gary Ray, Jr.
Air Pollution Control Officer
