Bakersfield, California 93301

SUBJECT: Proposed Agreement with Agilaire, LLC to provide District with AirVision and AgileWeb Software

Honorable Board:

The Eastern Kern Air Pollution Control District (District) is proposing to extend the District's agreement with Agilaire, LLC (Agilaire). Agilaire, through its hardware devices and software systems AirVision and AgileWeb, currently hosts "real-time" data from the District's air monitoring stations. The District has utilized Agilaire for the past 7 years and is satisfied with the services provided.

The current agreement with Agilaire is set to expire March 31, 2027. The District desires to continue utilizing Agilaire's services by entering into a 36-month agreement. Continuation of the services with Agilaire is beneficial to the District, since the Agilaire system is installed and functioning as expected. Additionally, the staff is trained and familiar with operating the Agilaire products.

The new agreement begins at the end of the current agreement, April 1, 2027, and expires on March 31, 2030. The cost of the service is a fixed annual fee of \$8,380 per year, or \$25,140 for the 36-month term.

IT IS RECOMMENDED your Board approve and authorize the Chairman to sign Agreement No. 09-001-2026 with Agilaire, LLC.

Sincerely,

Gary Ray, Jr.
Air Pollution Control Officer
