SUBJECT: Carl Moyer Memorial Air Quality Standards Attainment Program Year 29 Funds

Honorable Board:

The Eastern Kern Air Pollution Control District (District) usually receives a solicitation in the 3rd quarter from the California Air Resources Board (CARB) requesting the District apply for their annual allocation of Carl Moyer Memorial Air Quality Standards Attainment Program (CMP) grant funds. The CMP provides funding for the replacement of older heavy-duty high-emitting diesel fueled equipment with new low and zero emission equipment. To reserve these funds a complete CMP grant agreement, which includes an approved supporting Board resolution, must be submitted to CARB within a timely manner.

In anticipation of the CMP Year 29 solicitation, staff recommends your Board adopt Resolution 2026-001-09 and authorize the Air Pollution Control Officer (APCO) to complete and submit the Year 29 CMP application package to CARB. The application package will request the District's full allocation of Year 29 CMP project and administrative funds.

IT IS RECOMMENDED your Board adopt Resolution No. 2026-001-09 requesting the District's full allocation of Year 29 CMP funds; authorize the APCO to submit the application requesting said funds; sign the grant award letter; and do all other acts necessary to reserve and receive Year 29 CMP funds.

Sincerely,

Gary Ray, Jr.
Air Pollution Control Officer
